

Power Amplifiers

SYSTEM POWER

POWER WITHOUT THE DRAMA.

Efficient multi-channel amplification with stable delivery, complete protection and remote-ready control.

- High-efficiency Class D topology with universal power supply
- Comprehensive thermal, current and DC protection
- Flexible low-impedance and high-voltage installation modes

MODEL RANGE

MODEL	CHANNELS	OUTPUT / CH AT 8 OHM	OUTPUT / CH AT 4 OHM	BRIDGED AT 8 OHM	INPUTS	HEIGHT	WEIGHT
AC-PX2400	2	800 W	1200 W	2400 W	Analog XLR	1U	8.2 kg
AC-PX4800	4	800 W	1200 W	2400 W / pair	Analog XLR	2U	12.6 kg
AC-PX10K	4	1600 W	2500 W	5000 W / pair	Analog + AES3	2U	15.4 kg

TYPICAL APPLICATIONS

Touring racks / Fixed installations / Hospitality / Worship / Sports venues
